November 03, 2009

Mayreau, ST. VINCENT: According to the November/December 2009 issue of National Geographic special collector's edition: "50 Places of a Lifetime," Mayreau, St. Vincent and the Grenadines (SVG) has been listed in the category of “Paradise Found”.

Mayreau being named under the category “Paradise Found” is the only Eastern Caribbean island to be added and one of only two Caribbean destinations including the British Virgin Islands. Other islands named in this category are the Hawaiian, Greek and Pacific Islands to list a few.

The SVG Ministry of Tourism celebrates the fact that our 32 multi-island country of St. Vincent and the Grenadines continues to feature once again on the international stage.

The edition of the magazine also covers Mayreau titled “Unplugged in the Grenadines” by Executive Editor and world traveller Mr Paul Martin.
