

Caribbean teams come to Northern Ireland for International Netball Festival

31 October 2013

Antrim, NORTHERN IRELAND: Two Caribbean teams are to participate in an International Netball Festival by Netball NI in Northern Ireland, which runs from October 31 to November 3.

Saint Lucia and Barbados are the Caribbean representatives in a tournament that features Botswana and the hosts Northern Ireland.

This is a first for Northern Ireland to host such a prestigious 4 day International Festival of Netball.

Dr Christopher Stange from the Consulate of St. Vincent and the Grenadines to Northern Ireland and the only Caribbean government to have official representation based in Northern Ireland added: "This is a great opportunity to bring these four highly ranked world class teams to compete against one another as they prepare for next year's Commonwealth Games in Glasgow. It is not just about the competition but bringing people together and developing relationships from other parts of the world to showcase talent through the medium of sport."
